## **Product highlights**

#### **Color-coded connectors**

Color coded connections make it easy to install your cable into the correct inputs and outputs

## Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

#### Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

#### **Braided shielding**

Copper braided reinforced aluminum shielding protects against signal loss and interference.

## Plug and play

Plug and play offers easy installation of components without time-consuming installations.

#### Metal shell

The metal shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

#### 24 carat gold-plated connector

24 carat gold-plated connectors ensure the best signal quality for your components.

### High purity copper

This copper conductor provides high accuracy in signal transfer with minimal resistance.
